

Weekly Hoot - 26th January 2022

We continue to focus on your school website this week with more advice and tips.

Do you want to make your website wow? Take a look at our [specific advice collection](#) which provides a range of simple and cost-free things you can do to ensure that information that you add to your website is clear and easy for visitors to find.

For example, declutter your homepage to ensure visitors are reaching the content at the bottom of the page before navigating away, or ensure that your web pages are concisely named to assist visitors who may be trying to find specific information.

Consider these ideas and others [here](#) or take a look at the full range of [Advice Collections](#).

There's still time to register for our webinar tomorrow (Thursday 27th) at 2pm where we shall cover, amongst other things...

- additional uses for the Staff Member tool
- the pitfalls of overusing or embedding calendars
- the benefits of the News tool
- class page options

Click [here](#) to take part.

Once registered, you'll receive a confirmation email and instructions to login.

We very much hope you can attend!
